

Active Play: Inclined Balance Beam

A balancing beam to challenge even the youngest children with a good introduction to balance and core stability. As the beam gets progressively higher off the ground, your children will be able to build up their confidence and develop their ability to cope with this physical developmental challenge.

Technical Details:

- Size (L x W x H): 2392mm x 379mm x 525mm
- Critical fall height: <0.6M
- Overall size including fall space: 5400mm x 3375mm
- Minimum area required: 15.3M²
- High pressure treated 'play grade' timber
