

Active Play: Twist Net

A net that twists along its length spanning between a timber beam at one end and post at the other. A connecting challenge that improves physical coordination, lower body strength and core stability. The twist in the net increases the difficulty.

A great challenge to add to any trim trail or active play zone.

Technical Details:

- Size (L x W x H): 2462mm x 1000mm x 1150mm
- Critical fall height: 0.6M
- Overall size including fall space: 5423mm x 4000mm
- Minimum area required: 17.2m²
- High pressure treated 'play grade' timber
- Steel reinforced nylon ropes
