

User Guide - Single Sided Climbing Wall

We want you to get the most out of your new playground equipment. We've compiled a few, simple notes to help proper use and maintenance of the equipment. As with all playground equipment, your own risk assessment is required as part of your school processes. Here are the key points:

- Make sure Climbing Holds remain securely fixed to the supporting timber, tighten if necessary
- Visually inspect your product, making sure no timbers are splitting and no fixings are loose and in accordance with your Pentagon Maintenance Manual

For more detailed maintenance information please refer to your Pentagon Maintenance Manual
