

User Guide Amphitheatre

We want you to get the most out of your new playground equipment. We've compiled a few, simple notes to help proper use and maintenance of the equipment. As with all playground equipment, your own risk assessment is required as part of your school processes. Here are the key points:

- Sand down any rough edges caused by weather or general use with a medium grade abrasive paper.
- Visually inspect your product, making sure no timbers are splitting and no fixings are loose and in accordance with your Pentagon Maintenance Manual

For more detailed maintenance information please refer to you Pentagon Maintenance Manual
