

Imaginative & Creative:

Mini Tuff Spot Table

Introduce EYFS and Nursery children to a range of exciting Messy Play activities with our timber-framed Mini Tuff Spot Table.

Children will love participating in both child-led and adult-led activities as you set out a range of resources each day; from ocean environments to mini towns, children will develop key skills through adult-led messy play activities.

Left to their own imaginations and only slight encouragement, children will begin to create their own small worlds and imaginative games when mixing different materials on the tray.

With an open 4 sided tray, children will further develop their communication, language and social skills as they participate in exciting activities and games together.

As the blue tray is hard-wearing and removable, it has never been easier to set up and tidy away activities.
