

Active Play:

Get Set, Go! Blocks - The Mendips Set

'Get Set, Go!' with these movable blocks that bring open-ended active play value to your setup.

Your small people will be excited by a range of challenges as they jump, step and climb from one to the next and build confidence in their gross motor skills. The holds on the sides not only help you to reposition each block, they also provide a helping hand to those who are just finding their feet. You'll have the ability to incorporate math and literacy using the mark making panels to build a numbered assault course, or you can develop your own learning outcomes.

We use durable materials that keep your spaces looking great all year round and the black panels are made from recycled plastic. The Mendips Set contains a good range of blocks for all abilities.
