

Furniture, Fencing & Storage: Interactive Paint Panel on Wheels

Move them, swap them and lock them in place. This Movable Interactive Fencing provides an exciting new way to think about your outdoor spaces and the best way to make use of them. Whether you are moving your age groups within the building that will effect your free-flow, or you want to provide a changing setup outdoors. These provide a flexible solution for your needs.

Each unit has x 4 high quality castors, x 2 that lock to prevent movement once they're in place. The Stainless Steel Carbine Hook makes it easy for you to quickly unlock one unit from another and clip them back together. The mark making panels are double-sided, so provide an opportunity for at least two spaces to benefit at any one time. Once joined (Fence Panel to Paint Panel) they can be angled up to 90° from one another.
