

Active Play: Fitness Package

Comprised of 8 exciting trim trail resources coupled together with vibrant playground markings and artificial grass, our Adventure Fitness Package is a fantastic addition to your school playground that will keep your children healthy, active and entertained.

The amazing selection of equipment installed in such a way encourages free flow play as the children explore the area and conquer the challenges as a team – further improving communication, language and social skills. Climbing confidence is advanced as the children pick and choose where to begin and end, slowly working their way through the challenges.

Used by the children as a focal point for imaginative play, their games are enhanced as they view the area as a huge forest challenge, working their way across rivers, tree branches or any other imaginary worlds they transport themselves into.
