

Furniture, Fencing & Storage: Communication and Language Zone

Enhance children's communication and language skills with a wonderful combination of outdoor play equipment, making up an enchanting Communication and Language Zone.

Our wonderfully designed storytelling chair, huge chalkboard and whiteboard and moveable artificial grass topped steps create an area where literacy can come to life as stories are shared and writing comes to life.

In the great outdoors, children have a natural sense of freedom and inspiration, therefore they are more confident outside of the constraints of an indoor classroom. Reading out loud, while sitting in the exciting storytelling chair, improves children's self-confidence, spoken language and manners as they learn about turn-taking and sharing.

Pictures, words or simply scribbles are brought to life on the Giant Whiteboard and Chalkboard as children write and draw what is going on in the story being told; improving comprehension skills.
