

Active Play: Zigzag Log Bridge Crossing

Challenge your children to traverse across this fun zigzag log bridge as they weave around the ropes and carefully move across to the other side.

Six foot-treads are suspended between a reinforced tightrope crossing, with vertical grip-ropes hanging from a timber beam above to help guide the way across.

A super-safe play resource for thrill-seekers and those with big imaginations to improve upper and lower body strength, core stability, balance and motor control.

Technical Details:

- Size (L x W x H): 2965mm x 580mm x 2805mm
- Critical fall height: <0.6M
- Overall size including fall space: 5965mm x 3580mm
- Minimum area required*: 18.9M²
- High pressure treated 'play grade' timber
- Steel reinforced ropes with recycled plastic logs
