

## Active Play: Walk and Stretch Steps (Set of 4)

A set of four posts with adjoining stepping logs to create an introductory traversing challenge.

A fantastic starting point to any forest trim trail as children move their bodies and stretch out their muscles using the longer, rounded posts to steady themselves.

Great for improving balance, coordination and building climbing confidence, while the log posts lend themselves to imaginative play and den making, too.

### Technical Details:

- Size (L x W x H): 1430mm x 930mm x 1520mm
- Critical fall height: <0.6M
- Overall size including fall space: 4430mm x 3930mm
- Minimum area required\*: 14M<sup>2</sup>
